Campus Planning, Design and Construction - 11/18/15

The following table provides a summary of the historic resources' rankings and designations. Resources are ranked according to their historical significance and integrity (see key at the end of this document for a descriptions of each ranking). This document is intended to be used with the University of Oregon's Historic Properties Map. For further information on a particular resource, please refer to the associated survey forms.

Prior to performing work on campus (repairs, alterations, etc.), refer to this document and the associated University of Oregon Historic Properties Map. Also, refer to the Summary of Historic Preservation Regulations, which describes the steps required to ensure the UO meets all city, state, and federal historic preservation requirements.

NOTE: This list does not include all individual landscape features such as educational and memorial trees, plaques, memorials and sculptures. Please contact Campus Planning, Design and Construction.
