Background: The purpose of this agenda item is to introduce proposed amendments to Campus Plan Principle 1: Process and Participation.

CAMPUS PLANNING AND FACILITIES MANAGEMENT

1276 University of Oregon, Eugene OR 97403-1276 <http://cpfm.uoregon.edu>

An equal-opportunity, affirmative-action institution committed to cultural diversity and compliance with the Americans with Disabilities Act

The Campus Plan is intended to be updated over time. Principle 1 recognizes that periodic review of the Campus Plan is important, and that updates may be needed to reflect evolving campus practices and processes.

The proposed amendments will help keep the Plan current and useful as an effective guide for future campus development. Principle 1 establishes a planning process that relies on broad campus participation. While the commitment to involving campus stakeholders remains the same, the university's project delivery methods, internal processes, and practices continue to evolve. These updates will better align the Plan with current practices, provide clear procedures for delivering campus projects, clarify stakeholder roles and decision-making responsibilities, and improve efficiency in project delivery while ensuring the Plan continues to reflect the university's values and evolving needs.
