News and Information

February 2018

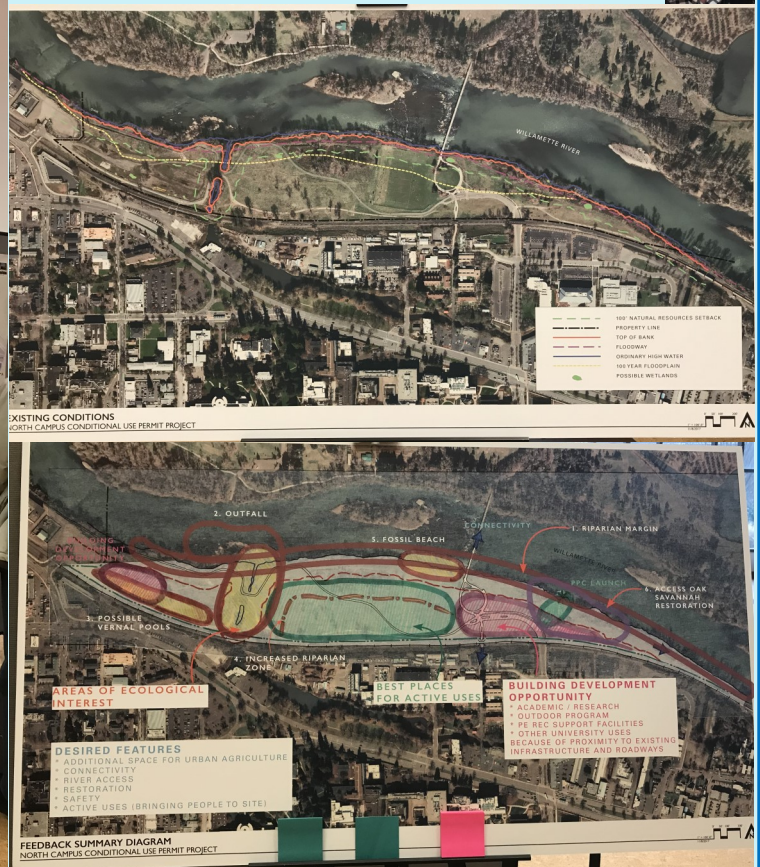

WELCOME NEW EMPLOYEES!

Antonio Coello, Grounds Maintenance Worker.....1/2/18
Matthew Paeschke, Electrical Control Systems Tech.....1/16/18

North Campus Open House

On Thursday, January 11th, 2018, Campus Planning shared updates to the north campus master site plans with the public. The purpose of this master site plan is to protect the Willamette River and accommodate potential future growth, allowing the university to meet its mission as an institution of higher education. It concentrates most of the potential building development south of the railroad tracks. It places 19 of 76 acres in conservation and puts stringent limitations on development north of the railroad tracks to maximize riparian restoration and open space opportunities along the river and Millrace outfall. It carefully balances the long-term needs of the university and desires of the community as a whole, addressing key interests in connectivity, river access, riparian restoration, safety, and active uses.

EMILY ENG, Senior Planner, and AARON OLSEN, Landscape Planning Associate, from Campus Planning, talk to visitors about the upcoming plans.

Employee News

Over Winter Break 2017, the EWEB 15th Street waterline project was completed . It was started on December 11th and finished on December 19th. Job well done!

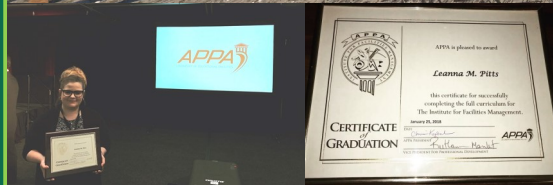

APPA U

The group that participated in the sold out APPA University Facilities Management Training in Portland, over the week of January 21st—25th.

The Institute is offered twice a year and is composed of General Administration & Management, Maintenance & Operations, Energy & Utilities, and Planning, Design & Construction. As you can see, all those groups were well represented by CPFM.

This was LeAnna Pitts' fourth and final session. She has graduated from the Institute. Congratulations!

MOOD LIGHTING

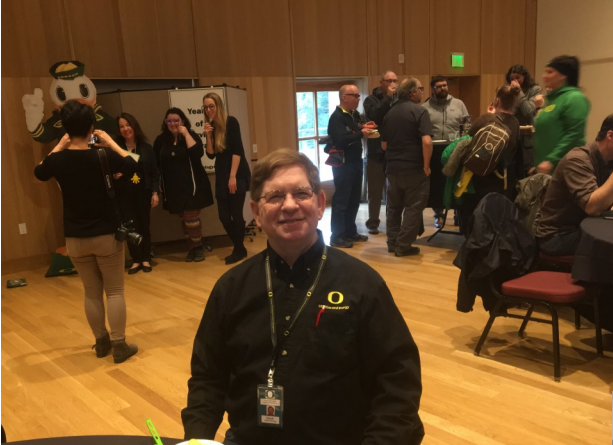

These are photos of new lighting the electrical shop installed over winter break in the Knight Library Reading Room.

They removed 132-175W metal halide fixtures and replaced them with 74-50W 2x2 flat panel LED fixtures. They ran the calculations and came up with an estimated savings of \$10,200.00 annually.

Thanks to Kenny Ramsdal and Roland Guerrero for their hard work completing this project during the break.

NEW ARRIVAL!

On New Year's Eve, 2017,
Quinn Anthony Marchetta
joined the world!

Congratulations Jon
Marchetta & Allison
McGuffie!

The UO Business Affairs Office and Purchasing & Contracting Services will soon launch Concur, a new paperless travel and procurement card management system. Concur is an online platform that allows users to streamline purchasing and travel systems. The new P Card process is expected to launch in late January and the travel platform will launch in March. Stay tuned!!

REMINDER!!!

Please send in your gold duck nominations to annecs@uoregon.edu by February 20th
The form you will need can be found on the Campus Ops Files (H:) drive at
H:\Public\Employee Recognition\Gold Duck Nomination Form

Thank you

NOTES FROM UNDERGROUND: IT EDITION

Kevin McGlinchey, IT Manager

AiM Update - Based on the results of our last set of system walk-throughs, the Steering Committee agreed to move the Go-Live date to April 1, 2018. This will give us a bit more time to resolve the issues list from the last walk-through plus do one last walk-through to ensure the system is ready to go.

We're in the final stages in the process of hiring a new student worker to replace the vacancy left by Logan Ballarche. We had a really strong pool of folks that were interested in the position and I'm confident we'll get someone good. We'll send an announcement and bring the individual hired around to meet everyone.

As always, if you have any questions about your tickets, please call our Dispatch Desk at extension 6-2455.

EXTRA LARGE KUDOS KORNER

Recipients of holiday cards and thanks:

To Jon Petro from EC Cares
To Tom Sheridan from EC Cares
To Richard Vaughan from EC Cares
To Terry Huuki from EC Cares
To Steve Pelkey from EC Cares
To Bill Greene from EC Cares
To Laura Ahlgren from ENVS Staff

Hi all,

I just wanted to let you all know that there were many holiday cards written to the folks in Facilities Services.

Although several were scanned over to me, they did not reproduce well in this publication, nor were they legible, once sized down, so I listed the recipients.

Thanks
Anne

Subject: Zone C Kudos

I wanted to write a big thanks to Zone C: Jon, Tom, Matt, Bill, Terry, and Richard, and Lawrence. Recently especially Jon, Tom, Matt and Bill- they have been a big help with temperature, toilet, light, and other issues at PHNB, and do a great job about coming in quietly and also explaining to users onsite well what is happening and going on.

Matt recently resolved a scheduling hiccup with furniture install, that was quite a kerfuffle on my end, with respect and quick response, and the work was done in good time with all users left happy.

I had two directors stop me today (after Jon and I went and checked on items all about 5th floor) tell me what a great help and how good Jon was in service and communication when they had their respective office air output issues, and a leak in an area last year. They both commended Jon.

This team comes in and works, and cleans up almost unnoticed. They also consistently have good communication onsite and in email. The directors felt Zone C is responsive, and present themselves with utmost professionalism.

(Until I yell out "Hey Jon/Tom/Bill!" across the entire open floor wing....)

Thanks and pass on good kudos-please pass on an AWESOME JOB card to them.

Happy Holidays,
Amy

Subject: Thanks!

Judy,

Tomorrow is my last day at JSMA and I don't want to leave without saying Thank You to everyone over there who has helped me get through all the water leaks, smoke, electrical problems, broken doors, clogged plumbing, etc, etc, etc. for the last few years.

Having such a good crew just a phone call (or email) away has been very much appreciated.

Subject: Plumbing Repair Work at CPS

Facilities Services will be taking the lead on making repairs to the sink in the CPS men's bathroom. Please ensure that the staff from Facilities and associated contractors are welcome and fully supported in their work. Please be patient while Bruce Budzik and the Facilities staff can make the necessary improvements.

Bruce- please thank your plumbing staff for identifying the issues at CPS and for taking on the job of coordinating the repairs!
