

UNIVERSITY OF OREGON

Campus Plan Amendment

North of Franklin Boulevard

WELCOME

The Office of Campus Planning is holding an open house to share information and receive feedback to incorporate university land north of Franklin Boulevard into the *Campus Plan*. The purpose of the amendment is to guide future campus development and connect people to the Willamette River, consistent with the new conditional use permit which was part of a multi-step planning process for the university's land north of Franklin Boulevard. The Campus Plan guides all campus development by establishing the principles and patterns to ensure that physical changes to campus will lead the University of Oregon towards a unified and successful campus design that supports its mission of teaching, discovery and service.

OPEN HOUSE

Date/Time: March 9, 2020 from 11 to 1

Location: Erb Memorial Union Lobby, University of Oregon

The Office of Campus Planning is holding an open house to share information and receive feedback regarding the proposed Campus Plan amendment. Making a Campus Plan amendment is a UO Campus Planning Committee (CPC) process. This amendment, to incorporate the north campus area, was introduced to the CPC at its February 18, 2020 meeting. This open house is anticipated to be the first of several engagement opportunities for the campus community and will focus on an overview of the amendment process, history and background of this part of campus, and preliminary work to refine opportunities identified in past studies related to campus open space. The amendment process culminates with a CPC public hearing and the committee taking action by making a recommendation to the university president.

*Map of existing open-space framework (in green).
Red outline highlights area of campus that is the focus of the amendment.*
