

## **ENVIRONMENTAL ISSUES COMMITTEE**

**June 12, 2008**

**EMU Century Room E**

Attendees:

Chuck Kalnbach, Jim Blick, Tim King, Paula Staight, Steve Mital, Christine Thompson, and Bill Cresko

### **Final Report Summary**

The following recommendations were made:

Add definitions for emissions and classifications

Revise wording regarding issues for next year to read - "The EIC identified and resolved numerous important issues related to the Climate Action Plan and next year will address items that it did not have sufficient time to resolve."

When discussing emission reductions add - "or utilize carbon offsets as needed"

Determine measurements and monitoring for water and vehicle listed under class I sources or specify that this will be determined at a later date

Replace "user" with "faculty, staff, students, and other visitors to campus on university related business"

The committee commended Steve for formulating a clear and concise document that incorporated the recommendations discussed during the past year.

### **Chair Election:**

Chuck called for nominations for the new committee chair. He also shared that Art has expressed interest in the position. Paula nominated Art, Bill seconded, and the committee voted to unanimously elect Art Farley as the 2008-09 EIC chair.
