

ENVIRONMENTAL ISSUES COMMITTEE

October 25, 2001

Umpqua Room

ATTENDEES: Bob Jones (chair), Dorene Steggell, Greg Stripp, Christine Thompson, Kay Coots, Vera Kewene, J.R. Gaddis, Robyn Hathcock, Karyn Kaplan, Jessica Rose, Courtney Hight, Sean Henderson, Julia Heydon, Chris Jones

EIC ListServe

Chris Jones offered, and the committee agreed, to have him manage the EIC ListServe this year. It was also decided to keep the list membership as is for now.

Sustainability Web Page

The site address was sent to members today with a request to proof for grammar/typos and to look at the layout, design and concept. The design is in final draft stage. Major text editing is needed and some links still need to be added. The temporary location is <http://www.geocities.com/uosustainability> and the permanent site will be at <http://www.uosustainability>. Comments should be directed to Kay Coots or Linda Johnson.

Bob Jones has found that SSIL (Social Science Instructional Laboratory) and the Wired Humanities Project can be hired for a reasonable hourly rate to help with web site maintenance.

Environmental Studies Service Learning Program

The class was not able to get departmental funding for the U of O project on energy conservation.

Agenda Items for 2001-02

- Increase awareness and promote the Recycled Paper Policy
- Invite DPS to discuss Transportation Resource Center
- Help the Environmental Studies Service Learning Program get funding
- Post consumer waste compost project support and funding

It was determined that the most time sensitive issue is the Transportation Resource Center Bob will invite Rand Stamm from DPS to the November 15th meeting. Ideas, questions and concerns should be sent to Bob at bj@oregon.

Note: Vera Kewene nominated Anne Forrestel to fill an opening on the committee

The next Environmental Issues Committee meeting is from 2:00 - 3:00 p.m. on Thursday, November 15 in the EMU Coquille Room.
